This Aventura Builders' custom cabinet design is featured in the Medallion Cabinetry 2006 calendar.

Glendale Heights company featured in calendar

Aventura Builders, Glendale Heights, was one of 12 winners in a calendar photo contest sponsored by Medallion Cabinetry Inc. of Waconia, Minn.

The builder's custom project will be the April feature in the 2006 calendar. "There were many challenges in providing a design that included all the

owners wish list items in the space we had to work with," said selections manager, Cindy Kedzie.

According to Chris Donatelli, company president, Aventura Builders specializes in new custom homes, whole house renovations and additions.

"Most of our projects include

new kitchens, baths, libraries or home theaters. By offering cabinet design services, our clients can work with a design team including the architect, selections manager and cabinet designer," Donatelli said.
